**Notes:**

(1) Information on configuration is provided by the equipment manufacturer as part of the testing process.

(2) 3<sup>rd</sup> party manufacturer: The evaluation of the listed configuration was performed with the support and upon a consent of the Original Equipment Manufacturer (OEM).

(CC) A configuration change has been endorsed by the CEP Management Group as not-affecting detection.

(CE) The entry has been modified by the Secretariat generally to amend typos and errors in the designation of configuration details (e.g. designation of trays), previous endorsement by the CEP-MG.

Any changes compared to the previous version are displayed in blue colour.
