Notes:

⁽¹⁾ Information on configuration is provided by the equipment manufacturer as part of the testing process.

⁽²⁾ 3rd party manufacturer: The evaluation of the listed configuration was performed with the support and upon a consent of the Original Equipment Manufacturer (OEM).

^(CC) A configuration change has been endorsed by the CEP Management Group as not-affecting detection.

^(CE) The entry has been modified by the Secretariat generally to amend typos and errors in the designation of configuration details (e.g. designation of trays), previous endorsement by the CEP-MG.

Any changes compared to the previous version are displayed in blue colour.
